

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

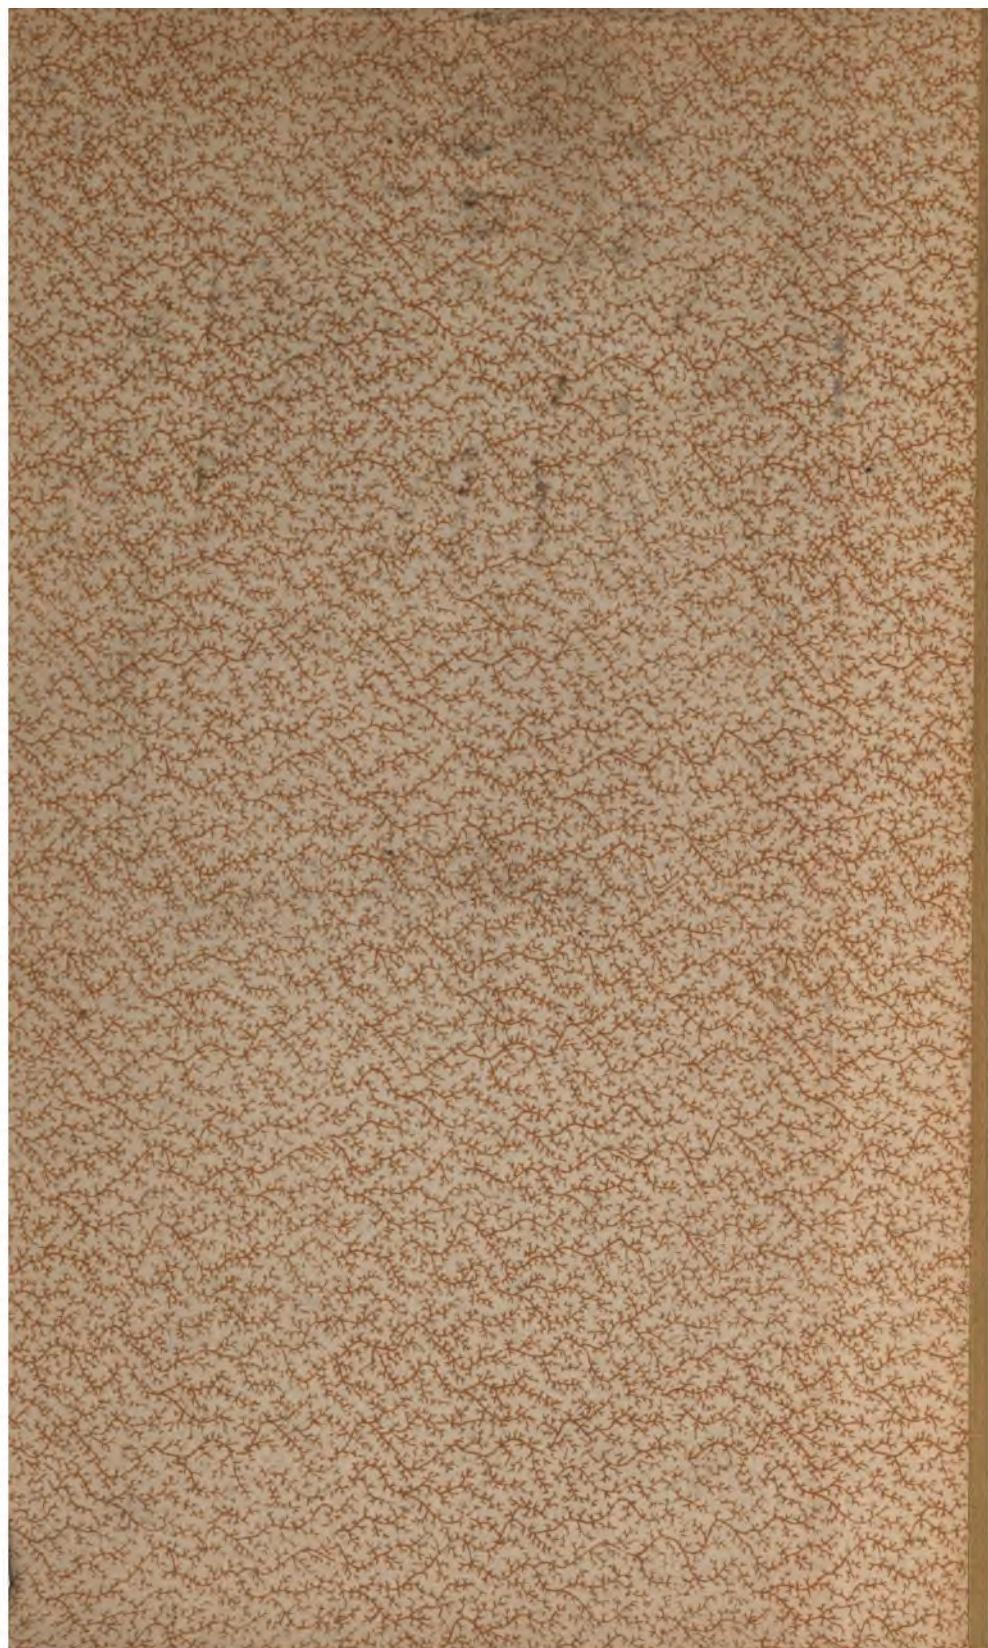

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

## REPORT OF THE SECRETARY OF STATE.

OFFICE OF THE SECRETARY OF STATE, }  
Columbus, O., Nov. 20, 1858. }

To HIS EXCELLENCY, SALMON P. CHASE, *Governor of Ohio*:

In accordance with law, I have the honor to submit to you the annual report of this department for the year 1858.

To prepare a report which would completely represent the transactions of this office for the past year, would be difficult. They are so numerous and varied in their character that to refer to and explain them would require detail and elaboration altogether beyond the limit or purpose of an annual report. The most which the law seems to contemplate is, that reference be made to those transactions which are of most importance and general interest to the people of the State.

In regard to election returns which are required to be made to this office, there has been less difficulty than in previous years. County officers have generally complied faithfully with the laws, and cause for complaint, on account of want of uniformity, exists to a much less extent than might be expected, considering the frequent changes made in the laws, and the officers to execute them. Such blank forms have been and will be from time to time furnished as may be thought necessary to secure uniformity and insure a compliance with the laws.

It has been the custom of the Secretary of State to embody in his annual report a complete list of the times of holding the District and Common Pleas Courts in the several counties of the State, but in consequence of a change in the law relating to the mode of fixing the times when the several courts shall be held, and the election of ten additional Judges, it is thought probable that many changes will be made in the last published list, making a re-publication of it in this report of little or no value. By

a law of the last session of the Legislature, it was made the duty of the Judges of the Supreme Court during the month of December of every year to fix the times of holding the terms of the District Courts, and it is also made the duty of the Judges of the Courts of Common Pleas in each and every District, immediately after the times for the terms of the District Courts shall have been fixed as aforesaid, to fix the times for the terms of the Court of Common Pleas in each of the counties of the State. A complete and accurate list will be made out from the returns required to be made to this office, which will be published in the volume of laws of 1859.

By a law passed March 13, 1843, it is made the duty of the Sheriff of each and every county, or other officer performing the duties of the Sheriff, on or before the first day of November in each year, to make out in writing from his jail register, a jail report, one copy of which report he is required to transmit to the Secretary of State, whose duty it is to communicate the reports of the several sheriffs to the General Assembly. I regret to say that reports have only been received from the following counties: Meigs, Columbiana, Lorain, Paulding, Fulton, Brown, Trumbull, Wayne, Warren, Huron, Tuscarawas, Williams, Van Wert and Greene. But thirteen of the eighty-eight sheriffs having complied with the law, the reports in the aggregate are so meagre it seems hardly profitable to send them to the printer.

Appended to this report will be found a list of the various incorporated companies which have been organized under the general laws since the publication of the last annual report, with the date when the certificates were filed and recorded. The list also includes such incorporated companies as have according to law changed their names within the past year.

There will also be found appended a list of such villages as have been organized under the act providing for the organization of incorporated cities and villages, with such abstracts and descriptions as are required by law.

The law providing for the registration of births, marriages and deaths in Ohio, has been comparatively inoperative during the past year. But five counties have made returns to this office, viz: Huron, Knox, Logan, Putnam and Stark. The law has been so imperfectly carried out in all of its provisions that a correct judgment of its utility can hardly be formed. The main reason why it has during the past year received so little attention and assistance from county and township officers is, that at the last session

of the Legislature a joint resolution was passed instructing the Secretary of State not to prepare or send out any more blanks until ordered to do so. The resolution was understood to be a practical suspension of the law, as complete and uniform sets of blanks were considered necessary to its proper execution. To make the law operative and answer the ends contemplated, much attention and systematic labor will be required, and it is respectfully suggested whether it would not be more efficiently carried out if placed under the supervision of the Commissioner of Statistics, who is in constant correspondence with the numerous officers who are required to co-operate in collecting the information sought, and could conveniently and efficiently instruct and assist them in the performance of their duties.

The distribution of the laws, journals, public documents, agricultural reports, &c., being a part of the duties of the Secretary of State, especial attention has been paid to it during the past year. The utmost economy has been exercised consistent with due promptness in the distribution of the books to the several counties of the State. The printing and binding have in all cases been hurried forward, and the books as soon as they were ready have been promptly shipped. The early distribution of the laws being considered a desideratum, by the prompt co-operation of all parties connected with their publication, it became practicable to commence their shipment as early as the first day of June, so that the laws were received in many, if not most of the counties, before their publication had been completed in the newspapers.

It being the duty of the Secretary of State to purchase the fuel necessary for the State House, advertisement was duly made according to law, and contracts entered into as follows: With R. E. Champion for twenty-five thousand bushels of coke, at seven and nine-tenths cents per bushel; with R. E. Champion for fifteen thousand bushels of coal, at seven and nine-tenths cents per bushel; with Elijah Gillmore for two hundred cords of wood, at two dollars and twelve and a half cents per cord. The smoke caused by the exclusive consumption of coal being found seriously injurious to the building, it was determined to purchase coke, upon the urgent recommendation of the Acting Commissioner of the State House, after satisfactory experiments to ascertain its practicability and comparative expensiveness. The experience of the last two years has demonstrated that our elegant new State House would be seriously injured if bituminous coal be used exclusively to heat it, and that the cost of warming it

would soon be a much smaller item of expense than cleaning it. By using coke in part, the mischievousness and discomfort of the smoke will be greatly obviated. Besides, after close calculation and experiment, it is believed the expense will be about the same as in burning coal. Any difference in the quantity used will be more than made up in the saving of grate bars.

In accordance with law, sealed proposals were invited for furnishing the State with such paper as would probably be needed, in addition to the supply on hands, to execute the public printing for the coming year. After careful consideration and examination of samples accompanying the bids, awards were made as follows: To Younglove & Hoyt, Cleveland, 2,000 reams of double super royal printing paper, at \$5.70 per ream; to Oglesby, Barnitz, Titus and Erwins, Middletown, Ohio, 100 reams of double flat cap, for printing bills for the General Assembly, at \$4.00 per ream; to H. E. Howard & Co., Cuyahoga Falls, 100 reams of Brochure cover paper, at \$3.38 per ream. The above named parties immediately executed the bonds required by law, which are now on file in this office.

A table will be found added to this report exhibiting the miscellaneous stationery, printing paper, and other articles bought by the Secretary of State under contract and otherwise, during the year, for the use of the Legislature, departments of State, Supreme Court, &c.

The Secretary of State, in connection with the Auditor and Treasurer of State, after due advertisement in conformity with the several acts relating to the public printing, and after careful examination and strict computation, awarded the several contracts for printing and binding as follows: First contract—bills, resolutions, &c., to Osgood & Pearce, at 26 cents per thousand ems for composition, and 22 cents per token for press work; second contract—journals, &c., to Geary & Son, at 36 cents per thousand ems for composition, and 34 cents per token for press work; third contract—reports, &c., to Geary & Son, at 34 cents per thousand ems for composition, and 34 cents per token for press work; fourth contract—laws, to Geary & Son, at 40 cents per thousand ems for composition, and 40 cents per token for press work; fifth contract—blanks and circulars, to Osgood & Pearce, at 25 cents per thousand ems for composition, and 10 cents per quire for press work; printing in German—documents, &c., to Reinhard & Fieser, at 40 cents per thousand ems for composition, 35 cents per token for press work, and 75 cents per thousand words for translation; sixth

contract—bills, resolutions, &c., to Follett, Foster, & Co., binders, at 3 cents per hundred sheets for folding, 10 cents per hundred copies for stitching, and 10 cents per hundred copies for Brochure covering; seventh contract—laws, journals, and documents, to Follett, Foster & Co., at 4½ cents per hundred sheets for folding, 75 cents per hundred copies for stitching, 87 cents per hundred copies for Brochure covering, and \$13 75 per hundred copies for half binding. The above mentioned parties executed the necessary bonds, which, with the securities, were accepted and approved. Other bids were made by other parties at lower figures than the above, but upon being informed of the acceptance of their bids, they refused to execute the required bonds, and the several branches of the public printing and binding were in accordance with law awarded to the next lowest bidders. That provision of the law which seems to invite this species of evasion, should by all means be amended. Bidders for each and every branch of the public printing and binding should be required to accompany their bids with executed bonds, with proper securities, conditioned for the faithful performance of the work, in case their bids be accepted. By this means only can the State be protected against unfairness and combination. An amendment of the tenth section of the law, such as is above indicated, is respectfully but urgently suggested to the General Assembly.

The seventh section of the act “supplemental to an act entitled an act in relation to statistics,” requiring “that the several classes of statistics now returnable to the Auditor of State, Attorney General and Secretary of State, not necessary to the duties of said officers, be transferred by them to the Commissioner of Statistics, and by him to be embodied in his report,” has, so far as this office is concerned, been fully obeyed.

The law passed April 16, 1857, making it the duty of officers of the State Government “to keep, or cause to be kept in their respective offices, accurate and distinct accounts of the several transactions in their respective departments,” has been complied with by this office. The books of this department exhibit each and every transaction of the office during the past year. Full records have been made of the various bids and awards for printing, stationery and fuel; of bills bought and paid; of stationery distributed; of disbursement of contingent fund; of distribution of laws, journals, &c. A complete statement, item by item, of the disbursement of the various appropriations drawn upon by the Secretary of State, will be found in the “detailed statement” required to be published annually by the Auditor of

State. An account has also been kept of every article of stationery furnished to the General Assembly, the departments, the Supreme Court, and others entitled to the same, receipts in all cases being taken, in compliance with law, for articles furnished to the General Assembly through its officers. Accounts have likewise been kept with the various counties which have been supplied with Swan's Revised Statutes, and Ohio Reports, showing the number of copies and date of shipment. Effort has been made to so perfect the system of account keeping, that the books of the department may present an intelligible history of all its transactions.

Respectfully submitted,

A. P. RUSSELL,

*Secretary of State.*

COLUMBUS, O., Nov. 19, 1859.

**HON. SALMON P. CHASE, Governor of Ohio.** The voter has been stow  
In obedience to law, I have the honor to submit to you the Annual  
Report of this department for the year 1859. According to  
The law passed April 16, 1857, making it the duty of officers of  
the State Government "to keep, or cause to be kept, in their respective  
offices, accurate and distinct accounts of the several transactions in their  
respective departments," it has been faithfully complied with by this office.  
The books exhibit each and every transaction of the office during the past  
year. Full records have been made of the bids and awards for printing,  
stationery, and fuel; of bills bought and paid; of stationery furnished;  
of disbursement of contingent fund; of distribution of laws, journals, &c.  
Complete itemized statements of the disbursement of the various appro-  
priations drawn upon by the Secretary of State, will be found in the  
"detailed statement" published annually by the Auditor of State. Receipts,  
in all cases, have been taken, in compliance with law, for stationery and  
other articles furnished to the General Assembly through its officers, and  
for paper sent to the State Printer, and a complete account kept of every  
article furnished to the Department, the Supreme Court, and others by  
law entitled to the same. By means of blank forms, prepared in compliance with the joint resolu-  
tion of the last General Assembly, and sent to clerks, such completeness  
and uniformity have been secured in election returns, as to leave no cause  
of complaint. By law it is made the duty of the sheriff of each and every county, no  
other officer performing the duties of sheriff, on or before the first day of  
November in each year, to make out in writing, from his jail register, a

jail report; one copy of which report he is required to transmit to the Secretary of State, whose duty it is to communicate the reports of the several sheriffs to the General Assembly. Reports have only been received at this office from the following counties: Greene, Brown, Lorain, Huron, Meigs, Scioto, Franklin, Columbiana, Tuscarawas, Warren and Portage. These few reports it seems hardly profitable to communicate, in detail, to the General Assembly. They are on file in this office, subject to examination.

Appended to this report will be found a list of the various incorporated companies which have been organized under the general laws since the publication of the last annual report, with the dates when the certificates were filed and recorded. There is also included a list of such incorporated companies as have, according to law, changed their names. The number of companies incorporated is more than double that of last year.

There will also be found appended a list of such villages as have been organized under the act providing for the organization of incorporated cities and villages, with such abstracts and descriptions as are required by law to be published in the annual report of this department.

It being made the duty of the Secretary of State to purchase the fuel necessary for the State House each ensuing year, advertisement was made according to law, and contracts entered into with the lowest bidders, as follows: With P. H. Cobb, for thirty thousand bushels of coke, at seven and a half cents per bushel, and for ten thousand bushels of coal, at six and eight-tenths cents per bushel.

In compliance with law, sealed proposals were invited for furnishing the State with such paper as would probably be needed, in addition to the supply on hand, to execute the public printing for the coming year. After careful consideration and examination of samples accompanying the bids, awards were made as follows: To Richard Nevins, Columbus, two thousand reams of double super-royal printing paper, at five dollars and twenty cents per ream; to Oglesby, Barnitz, Tytus and Erwin, Middletown, O., one hundred reams of double flat-cap, for printing bills for the General Assembly, at four dollars per ream; to Williams, Andrews & Co., Delaware, O., one hundred reams of Brochure cover paper, at two dollars and ninety cents per ream. The above named parties immediately executed the bonds required by law, which are now on file in this office.

Added to this report will be found an account of the miscellaneous

stationery, printing paper, and other articles bought by the Secretary of State, under contract and otherwise, during the year, for the use of the Legislature, Departments of State, Supreme Court, &c. This account does not include 1,848 reams of printing paper, amounting to \$10,533 60, received under contract, but not yet paid for.

The amount of paper consumed in printing during the past year is enormous, in consequence of the increased amount of printing ordered by the last General Assembly, and an amendment of the printing law, which has resulted in nearly doubling the bulk of a large part of the printed matter. The whole amount of paper used for book printing during the past year is 4,500 reams, which at the contract price amounts in the aggregate to \$25,650.

The attention of the Legislature was called in my last annual report to an imperfection of the statute under which contracts are made for printing and binding for the State. Bidders for each and every branch of the public printing and binding should be required to accompany their bids with executed bonds, with proper securities, conditioned for the faithful performance of the work, in case their bids be accepted; and no bids should be considered unless so accompanied. By this means, unfairness and combination would be effectually prevented, and all bids would be made in good faith, and by persons prepared and desirous of doing the work. Such an amendment of the law, or such other as the Legislature may deem sufficient to accomplish the end, is again urgently suggested.

Respectfully submitted,

ADDISON P. RUSSELL,

*Secretary of State.*

OFFICE OF THE SECRETARY OF STATE, }  
COLUMBUS, O., Nov. 20, 1860. }

Hon. WILLIAM DENNISON, *Governor of Ohio:*

In obedience to the Constitution and law of the State, I have the honor to submit to you the Annual Report of this Department, for the year ending with the fifteenth instant.

The law passed April 16, 1857, making it the duty of officers of the State Government "to keep, or cause to be kept, in their respective offices, accurate and distinct accounts of the several transactions in their respective departments," has been fully complied with by this office. The books exhibit each and every transaction of the office during the past year. Full records have been made of bids and awards for printing, stationery and fuel; of bills bought and paid; of stationery furnished; of disbursement of contingent fund; of distribution of laws, journals, &c. Complete itemized statements of the disbursements of the various appropriations drawn upon by the Secretary of State, will be found in the "detailed statement," published annually by the Auditor of State. Receipts, in all cases, have been taken, in compliance with law, for stationery and other articles, furnished to the General Assembly through its officers, and for paper sent to the State printer, and a complete account kept of every article furnished to the departments, the Supreme Court, and others by law entitled to the same.

The law has made it the duty of the sheriff of each and every county, or other officer performing the duties of sheriff, on or before the first day of November, in each year, to make out in writing, from his jail register, a jail report; one copy of which report he is required to transmit to the Secretary of State, whose duty it is to communicate the reports of the several sheriffs to the General Assembly. Reports have been received at this office from only the following counties: Brown, Greene, Huron, Lorain, Lucas, Medina, Meigs, Scioto, Tuscarawas, Warren, Washington and Williams. These few reports it seems hardly profitable to communicate, in detail, to the General Assembly. They are on file in this office subject to examination.

Appended to this report, will be found a list of the various incorporated companies which have been organized under the general laws since the publication of

the last annual report, with the dates when the certificates were filed and recorded. There is also included a list of such incorporated companies as have, according to law, changed their names.

There will also be found a list of such villages as have been organized under the act providing for the organization of incorporated cities and villages, with such abstracts and descriptions as are required by law to be published in the annual report of this department.

An account of the miscellaneous stationery, printing paper, and other articles bought by the Secretary of State, on contract and otherwise, during the year, for the use of the General Assembly, Departments, and Supreme Court, will be found attached. That account includes 1,848 reams of printing paper, amounting to \$10,533 60, received on contract during the previous year, but not paid for.

The Commissioners of Printing, viz.: the Secretary of State, Comptroller of the Treasury, and the Auditor of State, after due advertisement in conformity with the act of the last General Assembly relating to the Public Printing, and after careful examination and strict computation, awarded the several contracts for printing and binding to Richard Nevins—he being the lowest bidder—as follows: First contract—bills, resolutions, &c., at 14 cents per thousand ems for composition, and 14 cents per token for press-work; Second contract—journals, &c., at 24 cents per thousand ems for composition, and 18 cents per token for press-work; Third contract—reports, &c., at 24 cents per thousand ems for composition, and 18 cents per token for press-work; Fourth contract—laws, at 24 cents per thousand ems for composition, and 18 cents per token for press-work; Fifth contract—blanks and circulars, at 12½ cents per thousand ems for composition, and 5 cents per quire for press-work; Printing documents, &c., in German, at 29½ cents per thousand ems for composition, 40 cents per token for press-work, and 58 cents per thousand words for translation; Seventh contract—(binding)—bills, resolutions, &c., at 3 cents per hundred sheets for folding, 5 cents per hundred copies for stitching, and 5 cents per hundred copies for Brochure covering; Eighth contract—(binding)—laws, journals, and documents, at 3 cents per hundred sheets for folding, 25 cents per hundred copies for stitching, 10 cents per hundred copies for Brochure covering, and \$8 per hundred copies for half-binding. Executed bonds, with approved securities, accompanied the bids.

The effect of that provision of the new law, requiring each bid to be accompanied by a bond, was effectually to prevent unfairness and combination, and give the State the benefit of the lowest figures. The result has been that the cost of the public printing for the next two years will be reduced at least one-half, compared with the cost of the same work for the two years preceding. The law relating to the purchase of stationery and fuel should be so amended as to embody the same provision.

In compliance with law, sealed proposals were invited by public advertisement for furnishing the State with such paper as would be needed, in addition to the supply then on hand, to execute the public printing for the coming year. After

careful consideration and examination of samples accompanying the bids, awards were made as follows: To James Duncan, Chillicothe, two thousand reams of double super-royal printing paper, at five dollars and eighteen cents per ream; to Oglesby, Barnitz, Tytus & Erwins, Middletown, one hundred reams of double flat cap, for printing bills for the General Assembly, at four dollars per ream; to Harrison, Hanford & Co., Cuyahoga Falls, one hundred reams of Brochure cover paper, at three dollars and twenty cents per ream. The above named parties immediately executed the bonds required by law, which are now on file in this office.

It being made the duty of the Secretary of State to purchase the fuel necessary for heating the State House each ensuing year, advertisement was made according to law, and contracts entered into with the lowest bidder, as follows: With R. E. Champion, for thirty thousand bushels of coke, at eight and nine-tenth cents per bushel, and for ten thousand bushels of coal, at eight and one-half cents per bushel.

Appended will be found a list of the times of holding the District Court and Courts of Common Pleas, throughout the State, carefully compiled from the returns made to this office. Also, interesting and valuable tables, showing the vote, by counties and townships, at the late Presidential election, and the vote at State and Presidential elections, by counties, from the year 1851 to the year 1860, inclusive.

Respectfully submitted,

ADDISON P. RUSSELL,  
*Secretary of State.*

OFFICE OF THE SECRETARY OF STATE, }  
Columbus, O., Nov. 20, 1861. }

Hon. WILLIAM DENNISON, *Governor of Ohio* :

In obedience to the constitution and laws of the State, I have the honor to submit to you the Annual Report of this Department, for the year ending with the 15th instant.

The law passed April 16, 1857, making it the duty of officers of the State Government "to keep, or cause to be kept, in their respective offices, accurate and distinct accounts of the several transactions in their respective departments," has been fully complied with by this office. The books exhibit each and every transaction of the office during the past year. Full records have been made of bids and awards for the stationery and fuel; of bills bought and paid; of stationery furnished; of disbursement of contingent fund; of distribution of laws, journals, &c. Complete itemized statements of the disbursements of the various appropriations drawn upon by the Secretary of State, will be found in the "detailed statement," published by the Auditor of State. Receipts, in all cases, have been taken, in compliance with law, for stationery and other articles furnished to the General Assembly through its officers, and for paper sent to the printer, and a complete account kept of every article furnished to the Departments, the Supreme Court, and others by law entitled to the same.

The law has made it the duty of the sheriff of each and every county, or other officer performing the duties of sheriff, on or before the first day of November in each year, to make out in writing, from his jail register, a jail report; one copy of which report he is required to transmit to the Secretary of State, whose duty it is to communicate the reports of the several sheriffs to the General Assembly. Reports have been received at this office from only the following counties: Belmont, Brown, Erie, Greene, Huron, Lorain, Portage, Scioto, Warren, and Washington. These reports it seems hardly profitable to communicate, in detail, to the General Assembly. They are on file in this office subject to examination.

Appended to this report will be found a list of the various incorporated companies which have been organized under the general laws, since the publication of the

last annual report, with the dates when the certificates were filed and recorded. There is also included a list of such incorporated companies as have, according to law, changed their names.

There will also be found a list of such towns and villages as have been organized under the act providing for the organization of incorporated cities and villages, with such abstracts and descriptions as are required by law to be published in the annual report of this Department.

An account of the miscellaneous stationery, printing paper, and other articles bought by the Secretary of State, on contract and otherwise, during the year, for the use of the General Assembly, Departments, and Supreme Court, will be found attached.

In compliance with law, sealed proposals were invited by public advertisement for furnishing the State with such paper as would be needed, in addition to the supply then on hand, to execute the public printing for the coming year. After careful consideration and examination of samples accompanying the bids, awards were made as follows : To J S. Brown, Delaware, two thousand reams of double super royal printing paper, at four dollars and seventy-three cents per ream ; to Oglesby, Barnitz, Tytus and Erwins, Middletown, one hundred reams of double flat cap, for printing bills for the General Assembly, at three dollars and thirty cents per ream. The above named parties immediately executed the bonds required by law, which are now on file in this office.

It being made the duty of the Secretary of State to purchase the fuel necessary for heating the State House each ensuing year, advertisement was made according to law, and contracts were entered into with the lowest bidders, as follows : With S E. Ogden, for thirty thousand bushels of coke, at eight and a half cents per bushel, and for ten thousand bushels of coal, at seven and three-fourths cents per bushel ; with Brooks & Champion for fifty cords of wood, at two dollars and twenty five cents per cord.

Of the one thousand copies of Swan & Critchfield's Revised Statutes, and five hundred copies of the fourth volume of Curwen's, purchased by the State of the publishers, there remain on hand of the former five hundred and ninety-nine copies, and of the latter three hundred and sixty eight copies. Of the one hundred and forty-three copies of the former furnished to the General Assembly, but one hundred and sixteen copies were returned to this office, at the end of the last session. The distribution was made in exact accordance with the law, a record of which has been duly kept.

Appended will be found a list of the times of holding the District Court and Courts of Common Pleas, throughout the State, carefully compiled from the returns made to this office. Also, the Apportionment of the State for Members of the General Assembly for the secnd decennial period, by the Governor, Auditor of State and Secretary of State, in conformity with the provisions of the constitution of the State.

Respectfully submitted,

ADDISON P. RUSSELL,  
*Secretary of State.*

## APPORTIONMENT

**OF THE STATE OF OHIO FOR MEMBERS OF THE GENERAL ASSEMBLY  
FOR THE SECOND DECAENNIAL PERIOD.**

---

In conformity to the provisions of the Constitution of the State of Ohio, we, William Dennison, Governor, Robert W. Tayler, Auditor, and Addison P. Russell, Secretary of State, have ascertained and determined the ratio of representation in the General Assembly according to the decennial census, the number of Representatives and Senators each county or district shall be entitled to elect, and for what years within the next ensuing ten years, and do declare the same to be as follows :

The total population of the several counties of the State by the Federal census of 1860, as certified by Jos. C. G. Kennedy, Superintendent of the Census Bureau of the Department of the Interior of the United States, is two millions three hundred and thirty-nine thousand five hundred and ninety-nine. The ratio of representation for a Representative is twenty-three thousand three hundred and ninety-six, and for a Senator sixty-six thousand eight hundred and forty-five.

The apportionment for the House of Representatives during the second decennial period under the Constitution, shall be as follows :

The counties of Adams, Allen, Ashland, Athens, Auglaize, Carroll, Champaign, Clarke, Clinton, Coshocton, Crawford, Darke, Delaware, Erie, Fayette, Fulton, Gallia, Geauga, Greene, Guernsey, Hancock, Hardin, Harrison, Highland, Hocking, Holmes, Jackson, Jefferson, Knox, Lake, Lawrence, Logan, Lucas, Madison, Mahoning, Marion, Medina, Meigs, Monroe, Morgan, Morrow, Noble, Perry, Pickaway, Pike, Portage, Preble, Sandusky, Scioto, Shelby, Summit, Union, Vinton, Warren, and Wyandot, shall, severally, be entitled to one Representative in each session of the decennial period.

The counties of Franklin, Muskingum, and Stark, shall each be entitled to two Representatives in each session of the decennial period.

The counties of Ashtabula, Brown, Fairfield, Huron, Lorain, Miami, Richland, Seneca, Trumbull, Tuscarawas, and Wayne, shall, severally, be entitled to one Representative in each session, and one additional Representative in the fifth session of the decennial period.

The counties of Belmont, Butler, Clermont, Columbiana, Licking, Ross, and Washington, shall, severally, be entitled to one Representative in each session, and two additional Representatives, one in the third, and one in the fourth session of the decennial period.

The county of Montgomery shall be entitled to two Representatives in each

session, and one additional Representative in the fifth session of the decennial period.

The county of Cuyahoga shall be entitled to three Representatives in each session, and one additional Representative in the fifth session of the decennial period.

The county of Hamilton shall be entitled to nine Representatives in each session, and one additional Representative in the fifth session of the decennial period.

The following counties, until they shall have acquired a sufficient population to entitle them to elect, separately, under the fourth section of the eleventh article of the constitution, shall form districts in manner following, to wit: The counties of Defiance, Paulding and Williams, one district; the counties of Henry and Putnam, one district; the counties of Mercer and Van Wert, one district; and the counties of Ottawa and Wood, one district; each of which districts shall be entitled to one Representative in every session of the decennial period; and the district composed of the counties of Defiance, Paulding and Williams, to two additional Representatives, one in the third, and one in the fourth session of the decennial period.

By the constitution, the State is divided into thirty-three Senatorial districts, as follows: The county of Hamilton constitutes the first Senatorial district; the counties of Butler and Warren, the second; Montgomery and Preble, the third; Clermont and Brown, the fourth; Greene, Clinton, and Fayette, the fifth; Ross and Highland, the sixth; Adams, Pike, Scioto, and Jackson, the seventh; Lawrence, Gallia, Meigs, and Vinton, the eighth; Athens, Hocking, and Fairfield, the ninth; Franklin and Pickaway, the tenth; Clarke, Champaign, and Madison, the eleventh; Miami, Darke, and Shelby, the twelfth; Logan, Union, Marion, and Hardin, the thirteenth; Washington and Morgan, the fourteenth; Muskingum and Perry, the fifteenth; Delaware and Licking, the sixteenth; Knox and Morrow, the seventeenth; Coshocton and Tuscarawas, the eighteenth; Guernsey and Monroe, the nineteenth; Belmont and Harrison, the twentieth; Carroll and Stark, the twenty-first; Jefferson and Columbiana, the twenty-second; Trumbull and Mahoning, the twenty-third; Ashtabula, Lake, and Geauga, the twenty-fourth; Cuyahoga, the twenty-fifth; Portage and Summit, the twenty-sixth; Medina and Lorain, the twenty-seventh; Wayne and Holmes, the twenty-eighth; Ashland and Richland, the twenty-ninth; Huron, Erie, Sandusky, and Ottawa, the thirtieth; Seneca, Crawford, and Wyandot, the thirty-first; Mercer, Auglaize, Allen, Van Wert, Paulding, Defiance, and Williams, the thirty-second; and Hancock, Wood, Lucas, Fulton, Henry, and Putnam, the thirty-third.

For the second decennial period, each of said districts, except the first, eighth, seventeenth, twenty-eighth, thirtieth, thirty-second, and thirty-third, shall be entitled to one Senator.

The eighth and thirtieth districts shall each be entitled to one Senator for the decennial period, and one additional Senator in the fifth session of the decennial period.

The thirty-second and thirty-third districts shall each be entitled to one Senator for the decennial period, and two additional Senators, one in the third, and one in the fourth session of the decennial period.

The first district shall be entitled to three Senators for the decennial period, and one additional Senator in the fifth session of the decennial period.

The seventeenth district, composed of the counties of Knox and Morrow, having less than three-fourths of a senatorial ratio of population, is, as required by the constitution, attached to the adjoining district having the least number of inhabitants, which is the twenty-eighth district, composed of the counties of Wayne and Holmes. The twenty eighth district, with the seventeenth district so attached as aforesaid, shall be entitled to one Senator for the decennial period, and two additional Senators, one in the third, and one in the fourth session of the decennial period.

The fourteenth district, composed of the counties of Washington and Morgan,

and part of the county of Noble, and the nineteenth district, composed of the counties of Guernsey and Monroe, and part of the county of Noble, remain as during the first decennial period, the constitution not admitting of any alteration of the territorial limits of said Senatorial districts.

In testimony whereof, we have hereunto set our names, and caused the great seal of the State of Ohio to be affixed, at Columbus, the second  
[SEAL.] day of April, in the year of our Lord one thousand eight hundred and sixty-one, and of the independence of the United States of America the eighty-fifth.

## ANNUAL REPORT OF THE SECRETARY OF STATE.

---

SECRETARY OF STATE'S OFFICE,  
COLUMBUS, O., Nov. 20, 1862.

*To his Excellency David Tod, Governor of Ohio:*

On the 2d day of May, 1862, the office of Secretary of State becoming vacant by the resignation of the Hon. B. R. Cowen, I had the honor of being appointed by you his successor, and herewith, in compliance with the law, I submit the annual report of this department for the year ending with the 15th inst.

To return a complete schedule of the various transactions of this office seems to be impracticable, on account of the miscellaneous character of the business. So much, however, as is required by law, and is essential, is herein represented.

The proper blanks having been furnished from this office to the several county officers, uniformity and completeness in the returns of elections have been fully secured, and they have been made strictly in compliance with the law.

By a law passed March 13, 1843, it is made the duty of the sheriff in each and every county, on or before the first day of November in each year, to make out from his jail register a jail report, one copy of which report he is required to transmit to the Secretary of State, whose duty it is to communicate the same to the General Assembly. For nearly twenty years this has been the law, and yet but little attention has ever been paid to it by the officers to whom it refers. The attention of the General Assembly to the continued negligence of sheriffs to the law prescribing their duties in this respect has been repeatedly called by my predecessors, and I know of no good reason why such persistent dereliction of duty should be longer tolerated.

The criminal statistics to be derived from such a report as the law contemplates would be of great value, and I respectfully urge upon the General Assembly the propriety of attaching to this law a penalty that will secure its enforcement. If, however, the Legislature shall consider it as immaterial whether this law is complied with or not, I would then advise its repeal.

A list of "incorporated companies" that have been organized under the general laws during the past year, including such as have changed their names, and those that have increased their capital stock, will be found appended to this report; also a list of villages that have been organized under the act providing for the

organization of incorporated cities and villages, with the descriptions required by law.

The Secretary of State, in connection with the Auditor, and Comptroller of the Treasury, in compliance with the law relating to the public printing and binding, awarded the several contracts for the execution of the same as follows: First contract (Bills, Resolutions, &c.) to Richard Nevins, at 15 cents per thousand ems for composition, and 15 cents per token for presswork. Second contract (Journals, &c.) to Richard Nevins at 22 cents per thousand ems for composition, and 16 cents per token for presswork. Third contract (Reports, &c.) to Richard Nevins, at 24 cents per thousand ems for composition, and 16 cents per token for presswork. Fourth contract (Laws, Resolutions, &c.) to Richard Nevins, at 23 cents per thousand ems for composition, and 17 cents per token for presswork. Fifth contract (Blanks, Circulars, &c.) to Richard Nevins, at 25 cents per thousand ems for composition, and 8 cents per quire for presswork. Sixth contract (German Printing and Translating) to Reinhard & Fieser, at 39½ cents per thousand ems for composition, 60 cents per token for presswork, and 73 cents per thousand words for translating. Seventh contract (Bills, Resolutions, &c.) to Henry C. Behmer, at 3 cents per hundred sheets for folding, 5 cents per hundred copies for stitching, and 4 cents per hundred copies for brochure covering. Eighth contract (Laws, Journals, &c.) to N. W. Lefavor, at 3 cents per hundred sheets for folding, 10 cents per hundred copies for stitching, 10 cents per hundred copies for brochure covering, and \$6 per hundred copies for half binding. Ninth contract (Agricultural Report, Blanks, &c.) to Lewis Siebert, at 3 cents per hundred sheets for folding, 25 cents per hundred copies for stitching, \$8 95 per hundred copies for binding in muslin ; 12½ cents per quire, letter size, half binding ; 15 cents per quire, letter size, full binding ; 15 cents per quire, cap size, half binding, including corners ; 20 cents per quire, cap size, full binding, including corners of Russia ; 25 cents per quire, folio post paper, half binding ; 30 cents per quire, folio post paper, full binding ; 25 cents per quire, demy size, half binding, including corners ; 30 cents per quire, demy size, full binding, including corners of Russia ; 45 cents per quire, demy size, full binding, with Russia ends and bands ; 40 cents per quire, medium size, half binding, including corners ; 50 cents per quire, medium size, full binding, including corners of Russia ; 75 cents per quire, medium size, full binding, with Russia ends and bands ; and 7 cents per hundred sheets for ruling all unbound blanks, each passage through the ruling machine.

The above named parties executed the necessary bonds conditioned for a faithful performance of the work specified, which, with the securities, were approved and accepted.

To execute the public printing for the coming year, sealed proposals were invited for furnishing the State with such paper as would probably be needed, and contracts were made as follows: With Harrison, Hanford & Co., for 100 reams of brochure cover, at \$3 20 per ream ; with Oglesby, Barnitz, Titus & Erwine, for 100 reams of double flat cap paper, at \$3 90 per ream ; with J. S. Brown, for .000 reams of double-super:royal paper, at \$4 87½ per ream. Bids were made

by other parties at much lower figures than the above, but, upon being informed of their acceptance, they refused to furnish the required bonds, and, in accordance with law, the contracts were awarded to the next lowest bidders. There is no way by which the State can be protected against unfairness and combination in awarding contracts, except by requiring that proposals shall be accompanied by executed bonds, conditioned for a faithful performance of the contracts in case the bids are accepted. As the law now stands, advertising for and receiving proposals is simply a farce, as it not unfrequently happens that the highest instead of the lowest bidder obtains the contracts. The Legislature of 1860 very wisely amended the law relating to the public printing, making it necessary and indispensable that proposals should be accompanied by executed bonds. Since that time the State printing has been secured at a much cheaper rate than in former years. I earnestly urge upon the General Assembly the propriety of making the amendment above indicated to the third section of the law relating to the purchase of stationery, fuel, &c.

For the purchase of fuel, advertisement was duly made, and contracts entered into with Brooks & Champion for 20,000 bushels of coke, at 11 cents per bushel; 5,000 bushels of coal, at 11 cents per bushel; and 75 cords of wood, at \$3 per cord. The necessary bonds for the performance of these and the stationery contracts were furnished and accepted.

Especial attention has been paid during the past year to the distribution of the Laws, Journals, and Documents. The printing and binding has been hurried forward as rapidly as possible, and the books, as soon as received, have been promptly shipped to the several counties of the State. In this connection, I desire to call the attention of the General Assembly to the fact, that, after a very liberal distribution of the Laws, Journals, and Documents, quite a large surplus has yearly been left on hand, and that the accumulation of the last five years is over 10,000 volumes. I would respectfully suggest that the number of Laws, Journals, &c., ordered to be printed, might be materially reduced, without detriment or prejudice to the public interests.

The regular times of holding court in the several districts and counties it has been the custom of the Secretary to embody in his annual report. It will be observed that by the act of May 1, 1862, the Tenth Judicial District has been abolished, and that changes have been made in others. I have thought it advisable, as a matter of convenience, to attach to this list the names of the Judges in the several districts of the State.

A statement will be found also attached to this report, exhibiting the miscellaneous stationery and other articles purchased by the Secretary of State, for the use of the General Assembly, Supreme Court, and the several departments.

By law it is made the duty of the officers of the State Government "to keep, or cause to be kept, in their respective offices, accurate and distinct accounts of the several transactions in their respective departments. A record of the various transactions of this department during the past year has been kept, in strict compliance with this law.

# REPORT OF SECRETARY OF STATE.

OFFICE OF THE SECRETARY OF STATE,  
COLUMBUS, OHIO, November 20, 1864.

*Hon. John Brough, Governor of Ohio:*

In obedience to the Constitution and law of the State, I have the honor to submit to you the Annual Report of this Department for the year ending the 15th inst.

The law passed April 16, 1857, making it the duty of officers of the State Government "to keep, or cause to be kept, in their respective offices, accurate and distinct accounts of the several transactions in their respective departments," has been fully complied with by this office. The books exhibit every transaction of the office during the past year. Full records have been made of bids and awards for fuel, paper, printing and binding. Complete itemized statements of the disbursements of the several appropriations drawn upon by the Secretary of State, will be found in the "Detailed Statement" published annually by the Auditor of State. Receipts have been taken for paper sent to the State Printer, and a full account kept of stationery and other articles furnished to the Legislative and Executive Departments, and to others by law entitled to the same.

Appended to this report will be found a list of the various incorporated companies which have been organized under the general laws since the publication of the last annual report, with the dates when the certificates were filed and recorded. There is also included a list of such incorporated companies as have, according to law, changed their names.

There will also be found a list of such villages as have been organized under the act providing for the organization of incorporated cities and villages, with such abstracts and descriptions as are required by law to be published in the annual report of this department.

The Commissioners of Printing, viz.: the Auditor of State, Comptroller of the Treasury and Secretary of State, after due advertisement in conformity to law, upon examination awarded the contract for printing for two years to Richard Nevins, he being the lowest bidder, as follows:

First contract—bills, resolutions, &c., at 90 cents per thousand ems for composition, and 85 cents per token for press work. Second contract—journals, &c., at 89 cents per thousand ems for composition, and 85 cents per token for press work. Third contract—reports, &c., at 89 cents per thousand ems for composition, and 85 cents per token for press.

Fourth contract—laws at 88 cents per thousand ems for composition, and 85 cents per token for press work. Fifth contract—blanks and circulars at 60 cents per thousand ems for composition, and 37 cents per quire for press work.

The contract for German printing and translating was awarded to Reinhard & Feiser, they being the lowest and only bidders, at 80 cents per thousand ems for composition, 80 cents per token for press work, and 100 cents per thousand words for translation.

The binding was awarded to N. W. Lefavor at the following rates: Seventh contract (binding)—bills, resolutions, &c., at 15 cents per hundred sheets for folding, \$5.49 per hundred copies for stitching, and \$4.24 per hundred copies for brochure covering; \$58.00 per hundred copies of 300 pages or less in muslin, \$54.50 per hundred copies of 300 pages or less in half binding, and \$63.74 per hundred copies of 300 to 1,000 pages in muslin, embossed and lettered. Eighth contract (binding)—laws, journals and documents at 15 cents per hundred sheets for folding, 50 cents per hundred copies for stitching, \$40.90 per hundred copies for brochure covering, and \$57.50 per hundred copies for half binding. Ninth contract (binding)—blank work at 55 cents per quire, letter size, for half binding, and 75 cents per quire for full binding; 87 cents per quire for cap size, half binding, including corners, and 98 cents for full binding, including corners of Russia; 60 cents per quire for folio post size half binding, and 96 cents per quire for full binding; \$1.00 per quire, demi size, for half binding, including corners, \$1.55 for full binding, including corners of Russia, and \$2.00 for full binding, including Russia ends and bands; \$1.62 $\frac{1}{2}$  per quire, medium size, for half binding, including corners, \$1.99 for full binding, including corners of Russia, and \$2.48 for full binding, Russia ends and bands; and 60 cents per hundred sheets for ruling all unbound blanks or other work, each passage through machine.

Executed bonds, with approved securities, accompanied the bids.

In compliance with law, sealed proposals were invited by public advertisement for furnishing the State with such paper as would be needed to execute the public printing. After a careful examination of samples submitted with the bids, awards were made as follows: To the Cleveland Paper Company, 3,000 reams of double super royal printing paper, at \$17.38; to same party, contract for furnishing 100 reams brochure cover paper, at \$9.75 per ream; and to Richard Nevins for 100 reams double flat cap, for printing bills of General Assembly, at \$16.12 per ream.

Executed bonds, with sufficient security, accompanied the above bids.

It being the duty of the Secretary of State to contract for fuel necessary for heating the State House for the ensuing year, advertisement was made according to law, and contracts entered into with bidders, as fol-

lows: With W. B. Brooks, for 10,000 bushels of coal, at 22 cents per bushel; with E. M. Scott, for 25,000 bushels of coke, at 23½ cents per bushel.

Bonds accompanied each bid, with security regarded as sufficient.

Appended will be found a list of the times of holding the District and Courts of Common Pleas for 1865, throughout the State, compiled from the returns made to this office.

I also append the vote cast for Secretary of State in 1864, including the home and soldier vote, by counties, together with the vote of the different Congressional Districts; also the home vote in every township, and the army vote in each county, cast for President and Vice-President of the United States in 1864. I likewise attach a table showing the vote of Ohio, by counties, at State and Presidential elections, for each year, from 1851 to 1864, inclusive.

Respectfully submitted,

W. W. ARMSTRONG,

*Secretary of State.*
